

CELEBRATING 40 YEARS OF LOCAL
BROADCASTING FOR PUBLIC
STATION KVCR

HON. JERRY LEWIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 14, 2002

Mr. LEWIS of California. Mr. Speaker, the residents of San Bernardino and Riverside Counties in Southern California are in a very unique position when it comes to television stations. The Los Angeles broadcasters are close enough to provide all the local coverage we can receive. But they consider most of our news too far away to cover.

For the past 40 years, the only broadcaster that has continuously served the people of San Bernardino and Riverside counties has been KVCR, the public television station operated by the San Bernardino Valley Community College District. They have provided news, focus documentaries, features and creative programming that have often been the only source of local broadcasting for an area that includes nearly 2 million people.

Forty years of providing the only public broadcasting to such a large area would be worth celebrating even if this was the only service provided by KVCR and the community college district. But the station's other role may be even more important: It is an access point to the world of broadcasting for a student body that is among the most diverse and hard-working in Southern California. The graduates of this program have moved on to many of the commercial and cable broadcasters throughout our region and the nation, and they in turn have served as role models and mentors for other minority communities and other cities.

In fact, Mr. Speaker, KVCR was the first TV station in the nation to be owned and operated by a public community college, and it has instructed tens of thousands of students via educational broadcasts and remains an essential component of the college district. The station is a national pioneer in the use of television for direct instruction intended for viewing in the area's classrooms, in the workplace, or conveniently in the homes of students.

Mr. Speaker, KVCR-TV is a vital link in educating the new and existing workforce for tomorrow's business needs. And it remains the only broadcaster providing local news and public interest reports, as well as serving the diverse needs of our community. I ask you and my colleagues to join me in congratulating General Manager Lew Warren and the San Bernardino Community College District board for continuing to provide this valuable public service.

COMMEMORATING THE 69TH ANNI-
VERSARY OF THE UKRAINIAN
FAMINE

HON. SANDER M. LEVIN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 14, 2002

Mr. LEVIN. Mr. Speaker, I rise today to commemorate the 69th anniversary of the Ukrainian Famine of 1932 to 1933.

The Famine was engineered as part of Stalin's genocidal policy toward the Ukrainian people, and resulted in the deaths of at least 7 million innocent men, women, and children. Though these deaths were covered up and denied for decades by the government of the former Soviet Union, the truth surrounding these tragic events have been documented by witnesses and survivors, as well as investigative works like Robert Conquest's *Harvest of Sorrow* and the report of the Congressional Commission on the Ukraine Famine.

I recently received a letter from Dr. Walter Lyzohub from Redford Township, MI. He wrote to tell me that he was a survivor of the Famine, but that the Famine took the lives of his sister, Wira, as well as his brother, Iwan. His sister and brother were age 10 and 9, respectively. Dr. Lyzohub also enclosed a family photograph taken in 1929, just 3 years before the onset of the Famine.

For Dr. Lyzohub and other survivors of the Famine, these tragic events are not just a footnote in history. They are as real as the faces in this photograph of two children who died so needlessly. We honor the memory of Wira and Iwan Lyzohub, and all the victims of the Ukrainian Famine of 1932 and 1933. It is important that we remember their lives and their deaths, and work to ensure that food is never again used as a weapon.

Mr. Speaker, as we commemorate the anniversary of this man-made tragedy, we join with Ukrainian-Americans and Ukrainians around the world in always remembering the victims of the Famine.

HONORING GORDON HASKELL

HON. SAM FARR

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 14, 2002

Mr. FARR of California. Mr. Speaker, I rise today to remember a very special man, Mr. Gordon Haskell, a resident of Santa Cruz, CA, who passed away on October 4, 2002. Gordon dedicated his life to community service, promoting social justice, and advocating for democratic principles. It is my honor to stand in this House and acknowledge Gordon's life and his legacy to California's 17th Congressional District.

Mr. Gordon Haskell was born the youngest of 10 children August 15, 1917, in Plovdiv, Bulgaria to Edward Haskell, a second generation American Protestant Missionary, and Elisabeth Frolich Haskell of Enenda, Switzerland. At the age of 16, Gordon settled in California where he attended Voorhee's School for Boys, Occidental College, and later graduated from the University of California at Berkeley. Gordon worked for 9 years as a locomotive fireman on the Southern Pacific Railroad while active as a union organizer in the Independent Socialist League. He later moved to New York to serve as editor of the ISL's newspaper, *Labor Action*. After a number of years with the ISL, Gordon moved on to become Director of development for the American Civil Liberties Union in New York. In 1969, Gordon met his future wife, Rachel, as she stirred lemonade at a peace rally in St. Louis. Gordon and Rachel spent much of their 32 years of marriage in Santa Cruz, CA.

Gordon devoted his life, both personally and professionally, to social and economic justice and equality. His early dedication to social justice evolved into a dogged determination to work in his own communities for obtainable and sustainable political and social change. Gordon was a tireless petitioner of his local, State, and Federal Government. He was a frequent, and always welcome, visitor to my Santa Cruz office, often dropping by to deliver mailings, news articles, or simply to make sure I was aware of the latest concerns of our local community. His experience as a writer and editor was frequently put to good use, as Gordon was often chosen to pen letters and resolutions on behalf of local democratic clubs and the Santa Cruz County Democratic Central Committee. In fact, just weeks before his passing, Gordon contributed to a passionately written resolution condemning the possible war in Iraq.

I could always count on Gordon to attend every town hall and public meeting I held. He consistently asked the tough questions, sometimes praising his elected representatives, but never shy about voicing his concerns. Gordon's life-long dedication to participating and petitioning his government should be commended and celebrated. Though I, and countless others, will surely miss Gordon, his unflagging pursuit of justice and equality will be a lasting tribute to the Santa Cruz community, and an example for us all.

Gordon is survived by two children, Guy Haskell of Bloomington, IN, and Elisabeth Haskell of Sacramento, CA; 3 stepchildren, Garry Fathman, Anthony Fathman, and Mary Fathman-Thomas; 10 grandchildren; 2 great-grandchildren; and his wife, Rachel. Mr. Speaker, it is truly my honor to recognize the life and accomplishments of Mr. Gordon Haskell.

IN HONOR OF PROFESSOR DAVID
PAGNI FOR HIS CONTRIBUTIONS
AND DEDICATION TO THE STU-
DENTS OF ORANGE COUNTY

HON. LORETTA SANCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 14, 2002

Ms. SANCHEZ. Mr. Speaker, I rise today to honor Professor David Pagni from California State University, Fullerton. David, a math professor from Cal State Fullerton received a grant in the amount of \$6.5 million from the National Science Foundation. It is the largest grant ever awarded to a Cal State faculty member.

David will be using the funds from this grant to head a team of professors and teaching coaches to show teachers how to teach advanced math at Orange County high schools and their middle school counterparts over the next 5 years. The hope is that better math instruction in middle school will better prepare students for advanced math classes in high school.

I am very proud of David for his achievement and dedication.
